INTERNATIONAL CONFERENCE ON COMPUTING, COMMUNICATION AND INTELLIGENT TECHNOLOGIES (ICCCIT 2027)

A premier international forum for researchers, academicians, industry professionals, scientists, and research scholars to present innovative research, exchange ideas, and discuss emerging trends in computing, communication and intelligent technologies.

CONFERENCE DATE

19.03.2027 – 20.03.2027

ORGANIZED BY

School of Computer Science and Engineering
RV University, Bengaluru, India

VENUE

Homi J Bhabha Hall, RV University,
Bengaluru, India

ABOUT RVU

RV University (RVU) is a new-age university for liberal education based in Bengaluru, India. RVU has been established by Rashtreeya Sikshana Samithi Trust (RSST), which has over eight decades of legacy of excellence in higher education. RVU is a State Private University under the RV University Act, 2019. It has received all regulatory approvals from the Government of Karnataka as well as University Grants Commission (UGC).

The Mission of RSST and RV University is “Excellence in Education with Societal Commitment”. Since its inception, RVEI has evolved significantly with 27 institutions with more than 20,000+ students enrolled across different disciplines. RV University has established meaningful collaborations with reputed universities, institutes, and companies in India and around the world.

ABOUT SoCSE

The School of Computer Science and Engineering (SoCSE) focuses on making students ready for the future global careers through strong CS foundation with hands-on skills, specializations in disruptive technologies and 21st century skills such as problem-solving, critical thinking, communication, innovation, creativity, and entrepreneurship. This is achieved through project-based learning, international internships, interdisciplinary skills through various minors, community-based learning and focus on portfolio building and mentoring for leadership through learner analytics.

ABOUT THE EVENT

The International Conference on Computing, Communication and Intelligent Technologies (ICCCIT 2027) is an international forum dedicated to bringing together researchers, academicians, industry professionals, scientists, and practitioners to exchange innovative ideas, recent research findings, and emerging trends in the fields of computing, communication, and intelligent technologies. The conference aims to foster interdisciplinary collaboration by providing a platform for presenting high-quality research on topics such as artificial intelligence, machine learning, data science, cybersecurity, cloud and edge computing, Internet of Things (IoT), wireless communication, software engineering, high-performance computing, blockchain, quantum computing, intelligent systems, and smart applications. ICCIT 2027 encourages the dissemination of original research, practical innovations, and real-world solutions that address current technological challenges and contribute to the advancement of next-generation digital ecosystems, sustainable development, and intelligent computing applications across academia, industry, and society.

CALL FOR PAPERS

ICCCIT 2027 invites original, high-quality, and unpublished research papers from academicians, researchers, industry professionals, and students in the areas of computing, communication, intelligent technologies, and interdisciplinary engineering applications. Authors are encouraged to submit innovative research contributions that address emerging challenges and advance next-generation technologies through theoretical, experimental, and application oriented studies.

Conference Tracks

Track 1: Intelligent Computing, Artificial Intelligence and Data Science

- Artificial Intelligence, Machine Learning, Deep Learning, and Generative AI
- Data Science, Big Data Analytics, Scientific Computing, and Computational Intelligence
- Natural Language Processing, Computer Vision, and Pattern Recognition
- Explainable AI, Intelligent Decision Support Systems, and Bio-inspired Computing
- AI Applications in Engineering, Healthcare, Finance, Agriculture, and Smart Systems

Track 2: Computing, Communication and Cyber-Physical Systems

- Computer Networks, Wireless & Mobile Communications, and 5G/6G Technologies
- Cloud, Edge, Fog, Distributed, and High-Performance Computing
- Internet of Things (IoT), Embedded Systems, and Cyber-Physical Systems
- Robotics, Automation, Digital Twins, and Smart Manufacturing (Industry 5.0)
- Intelligent Transportation Systems, Smart Cities, and Next-Generation Communication Technologies

Track 3: Secure Digital Technologies and Software Systems

- Cybersecurity, Information Security, Privacy-Preserving Technologies, and Digital Forensics
- Cryptography, Post-Quantum Cryptography, Blockchain, and Quantum Computing
- Software Engineering, Software Testing, Quality Assurance, DevOps, and Agile Computing
- Database Systems, Operating Systems, Web Technologies, and Mobile Computing
- Secure Software Development, Intelligent Applications, and Emerging Digital Technologies

Track 4: Interdisciplinary Engineering Applications and Sustainable Technologies

- Smart Healthcare, Biomedical Engineering, and Digital Education Technologies
- Electrical, Electronics, Communication, Embedded, and Mechatronics Engineering Applications
- Mechanical, Civil, Industrial, Production, and Chemical Engineering Informatics
- Renewable Energy, Smart Grids, Environmental Informatics, and Precision Agriculture
- Geospatial Technologies, FinTech, Business Analytics, Engineering Management, and Digital Transformation

Publication

All submitted papers will undergo a rigorous double-blind peer-review process to ensure high academic quality. Accepted and presented papers will be submitted for publication in the Springer Communications in Computer and Information Science (CCIS) proceedings series, subject to Springer's editorial policies and approval.

Important Dates

Event	Date
Paper Submission Deadline	30 November 2027
Acceptance Notification	15 December 2027
Camera-Ready Submission	30 January 2027
Author Registration	15 February 2027
Conference Dates	19–20 March 2027

Submission Guidelines

- Original and unpublished manuscripts only.
- Papers must follow the Springer CCIS formatting guidelines.
- All submissions will be checked using iThenticate.
- At least one author of each accepted paper must register and present the paper during the conference.

Who Should Participate?

Researchers • Faculty Members • Scientists • Industry Professionals • Engineers • Ph.D. Scholars
 • Postgraduate Students • Innovators • Entrepreneurs

Join ICCIT 2027 to share your research, connect with leading experts, and contribute to shaping the future of next-generation computing and sustainable intelligence

CONTACT PERSONS:

Dr. G. Vennira Selvi, Professor, , SoCSE, RV University

Phone: +91 9894204770

Dr. K. Sailaja Kumar, Associate Professor, SoCSE, RV University

Phone: +91 9900495605

Prof. Rahul Panja, Assistant Professor, SoCSE, RV University
